

Water and Environment Support

in the ENI Southern Neighbourhood region

Elaboration of non-revenue water policy for Jordan Activity No. : N-W-JO-1

Task 3: Workshop for Main Actors to discuss the first draft of the NRW Policy document

12-13 Sep 2023, Dead Sea Spa Hotel, Sweimeh, Jordan

Water and Environment Support

in the ENI Southern Neighbourhood region

Presentation of the WES Technical Assistance Activity in Jordan

Objectives of the activity and overview of the proposed actions

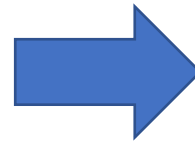

The **overall objective** of this activity is to support Jordan's water sector in its on-going efforts to reduce nonrevenue water, thus contributing to improved network efficiency, improved service provision and increased cost recovery.

Specific objectives

- assist the Jordanian Ministry of Water and Irrigation (MWI) in the elaboration of an NRW policy that:
 - builds on the real situation and lessons learnt from pilot projects and other works in Jordan, and
 - sets clearly defined rules for the development and implementation of NRW reduction and control in the country

Ultimate Objectives:

Achieve the national goals for reduced and sustained NRW - consistent with the proposition of Jordan's national strategy for water.

Proposed actions/tasks

Task 1: Establish an inventory of the current status of nonrevenue water management in Jordan

Task 2: Organise 0.5 day national consultation workshop

Task 3: Elaboration of the NRW Policy document

Task 4: Organise 1 day national consultation and policy validation workshop

Workshop Objectives

**Water and
Environment Support**
in the ENI Southern Neighbourhood region

GENERAL OBJECTIVES

Bring the designated MWI NRW technical taskforce members and donors that are active in the field of NRW reduction and management together with WES experts to discuss their feedback on the draft policy document -NRW Policy- and jointly contribute to its improvement and customization while ensuring its complementarity with the NRW strategy and action plan:

Specific Objectives

- Present an overview of the national activity in Jordan
- Present the draft policy paper -NRW Policy- and vet it with the partners and stakeholders
- Gather/discuss stakeholders' feedback and agree on what's to be reflected on the revised version

The expected results

- The draft NRW policy document is presented to the technical task force and the various donors active in NRW in the Jordanian water sector and is discussed during a two-day workshop
- The draft NRW policy document is reviewed/improved reflecting the workshop discussions.

Agenda Day 1

Water and Environment Support
in the ENI Southern Neighbourhood region
